----------------	---------------------------

## **TARGET AUDIENCE**

Consultant Colorectal Surgeons with some laparoscopic colorectal experience who would value a week 'immersed' in the knowledge base and techniques of Laparoscopic Colorectal Surgery to enable them to develop their laparoscopic colorectal practise.

All delegates will be requested to register on the Department of Health National Training Programme for Colorectal Laparoscopic Surgery before the start of the course – [www.lapco.nhs.uk](http://www.lapco.nhs.uk)

## **COURSE OBJECTIVES**

Expose the delegates to eight varied laparoscopic colorectal procedures.

Combine hands on supervised operating and in theatre observation with observation of other candidates' cases with a live link to the lecture theatre.

Enable video based review of the components of the procedures prior to live cases.

Provide the background information and evidence base for Laparoscopic Colorectal work, discussion of pitfalls and techniques to deal with these.

### **Registration:**

Please send contact details with a CV and brief summary of all laparoscopic colorectal experience to

Sarah Crane: [s.crane@pelicancancer.org](mailto:s.crane@pelicancancer.org)

An honorary contract will be required so applicants must be on the specialist register and have appropriate occupational health and CRB clearance prior to active involvement in cases.
