BRADFORD IMMERSION COURSES

Consultant Surgeon and NTP Trainer Mr John Griffith run a number of Immersion Courses throughout the year at Bradford Royal Infirmary.

The course is open to Consultant Colorectal Surgeons who are looking to establish or expand their lap colorectal practice in their hospitals. Each course is for 3 days, and it is designed for four individual surgeons.

The delegate will get the opportunity to operate on suitable lap colorectal cases, under the supervision of John Griffith. This will be backed up by short lecture sessions to teach and reinforce the techniques required in this surgery. In addition, the course will accept one key theatre nurse/sister from the surgeons team, and one anaesthetist.

Next Course: 16th – 18th November (Full)

Future Course Dates: These are currently being confirmed for 2011/2012.

Cost: The course is supported by industry sponsorship and course delegate costs are £300 per Surgeon.

Registered NTP Trainees are able to have their delegate cost funded by Lapco up to March 2012.

Contact: If you are interested in attending a course please contact:
