

Moving Forwards with Enhanced Recovery Multi-professional Team Training Workshops

Many Trusts across the UK have some initial experience of Enhanced Recovery care pathways, or are in the process of adopting such initiatives. The experienced team at YDH have developed a [half day workshop](#) to give support and guidance for common problems that arise with Enhanced Recovery.

With [short seminars](#), [interactive group work](#) and [facilitated discussions](#), the workshop will provide an invaluable forum for exchange of ideas and advice.

Colorectal enhanced recovery teams are encouraged to attend in addition to groups from other surgical specialties.

Forthcoming Events 2010:

10th June
2nd December

**To make a booking please contact Elaine Cox,
Yeovil Academy: 01935 384529 /
